## Summary

As a Software Developer with a Master's degree in Computer Applications, I have expertise in full-stack development using ASP.NET Core, Angular, and Node.js to build scalable web applications. Currently, I'm transitioning towards cloud infrastructure, focusing on AWS and DevOps practices to deliver cost-effective, resilient cloud solutions. Skilled in leveraging cloud services for hosting, monitoring, and security, I am passionate about AWS, Infrastructure-as-Code (IaC), and automation. I'm dedicated to continuous learning and collaborating with teams to deliver high-quality applications while driving innovation in cloud architecture.
